When a boy shuns the rough sports of

his companions he is apt to be a weakling, and to be conscious of the fact.

Secretary Hay yesterday bluntly told Chekid Bey, the Turkish minister, in Washington, that the patience of the American government is well nigh exhausted. The charge is expected to communicate this information to his home government speedily. Chekid Bey had no instructions from the Porte when he called at the State Department vess. he called at the State Department yes-terday. He had seen the newspaper re-ports of the intention of the State Deports of the intention of the State Department to second Minister Leishman's efforts diplomatically at Constantinople by the presence of a fleet of American ard Gibson and W. F. Creignton & Co. warships in Turkish waters, and he doubted the reports. Secretary Hay soon satisfied him on that point, and the Minister returned to his legation to frame a dispatch for the information of the Turkish Foreign Office. He did not care to make any statement him-self as to the nature of his interview with Secretary Hay. There appeared to be an impression in the mind of the Turkish statesman that because the President of the United States could not Pain in Chest make war without the consent of Congress he thereby was estopped from indulging in a naval demonstration to forward his purpose to secure fair treat-ment for the Americans in Turkey. It is believed that on this point also the Turkish Minister was enlightened by Sec-retary Hay. When Chekib Bey left the State Department he evidently was in a state of concern over what he had heard. To repeated inquiries he admitted that he had heard nothing from his government on the subject, and that the only intermation he had received prior to his interview with the Secretary was what he had seen in the papers, nor did he say that these accounts were exaggerated in the light of what he had just heard from I break up a cold on the lungs in a night. A dispatch from Constantinople says that the announcement of the dispatch of the American European squadron to to Smyrna has perturbed the Porte, and will, doubtless, hasten the solution of the questions at issue between the United States and Turkey in a manner satisfac-tory to the former. The Porte promised American Minister Leishman that a re-ply favorable to the American demand for the same favored treatment in the matter of schools, hospitals and charitable institutions as is accorded to other powers would be given August 2. The giving of the answer was then postponed to August 4, but up to the present time no answer has been received. OLD VIRGINIA HERB TEA The Porte recognized the demand in principle, but thus far has failed to execute the necessary measures, and the American legation has now sent a communication to the Porte pointedly de-manding a speedy and final settlement, the issuance of the necessary orders and the official acknowledgment by Turkey of the American demands. There are

no monetary claims.

Rear Admiral Barker, commander-in chief of the North Atlantic fieet, cabled the Navy Department from Gibraltar announcing the arrival of the battleship squadron at that port yesterday. The ships will then proceed to Lisbon, Por-tugal, in order to afford the sailors shore leave and recreation.
